FINANCE DEPARTMENT.

NOTIFICATIONS.

Act 26, Gaugy, October 8, 1927
(S.O. No. 711, Finance).

No. 158.—The Accountant-General brings to the notice of the Government that consolidated schedules of the subscriptions to the General Provident Fund recovered from gazetted officers are at present being prepared by the treasury officers and that no separate schedules are prepared by the gazetted officers themselves. He also states that the fund section in his office has been re-organized on a departmental basis and that the consolidated schedule submitted by the treasury officers has to be dealt with by different auditors and that in most cases the particulars shown in the pay bills from which the consolidated schedule is prepared are incomplete. For these reasons he considers that it would be convenient if the gazetted officers were required to prepare the schedules of General Provident Fund subscriptions recovered from their pay bills and attach the same to the bills. He, however, states that the existing procedure of the treasury officers preparing the consolidated schedule may continue as heretofore in regard to the Indian Civil Service Provident Fund.

2. The Government accept the above views of the Accountant-General and

accordingly direct that a gazetted Government account who contributes to the General President Fund should himself prepare the schedule of subscription and attach it to his pay bill. They further direct that treasury officers should see that such separate schedules are attached to the pay bills.

5. The following shall be inserted as a footnote to Form No. 5 on page 183 of the Madras Financial and Account Code, Volume I:—

"Treasury and audit officers should see that the schedules regarding General President Fund are prepared by the officers themselves and attached to their pay bills."

Should he fail at the second examination, his appointment shall be deemed to have ceased and he shall not be eligible for re-employment as a Harbour Master in the Port of Madras.

16. A Harbour Master on probation who has been granted a license shall continue to remain on probation for a further period of seven months commencing from the date on which he is granted a license, and at the end of that period he shall be examined by the Trustees. No. 738.—The following resolution of the Government of India is republished:—

HOME DEPARTMENT

PUNJAB.

Sikhs, No. 65 October 1927.

No. D-4109.—The question of the adequacy of the screening provided over cinematograph films in India has been attracting for some time past increasing public attention and has more than once been brought to the notice of the Government of India by resolutions in the Indian Legislature.

The Government of India came to the conclusion that the subject was one of sufficient importance and necessity to demand a thorough enquiry by a special committee, which will take evidence and elicit opinions from all parts of India. At the same time the question had been raised by a resolution of the Imperial Conference of 1926 whether the various parts of the Empire could take any steps to encourage the exhibition of Indian flora. As all Governments of the Empire have been invited to consider this question, it appeared to the Government of India that it would be appropriate that it should be considered by the proposed Committee. This enquiry of the scope of the Committee's enquiry would also enable it to address itself to a question which may have a far-reaching influence on the development of the cinematograph in India, namely, the possibility of encouraging the production and exhibition of Indian films.

2. A resolution embodying these proposals was moved as a bill of Government during the last session, in both House of the Legislature. The resolution was passed without dissent in the Council of State, while in the Legislative Assembly the discussion was informed as the understanding that Government would be free to proceed with their proposals.

3. Accordingly the Government-General in Council has decided to appoint a Committee which will start work at an early date. The terms of reference will be as follows:—

(1) to examine the organization and the principles and methods of the cinematograph industry in India;

(2) to survey the organization for the exhibition of cinematograph films and the film producing industry in India;

(3) to consider whether it is desirable that steps should be taken to encourage the exhibition of films produced within the British Empire generally and the production and exhibition of Indian films in particular; and to make recommendations.

4. The Committee will be composed as follows:—

Chairman.

- (1) His Highness Maharaja T. Rangaswamy, C.I.E.,
Yakk, High Court, Madras.

Members.

- (2) The Hon'ble His Highness Sir Eliezer
Hassan Ismail, M.L.
(3) Colonel J. D. Crawford, D.S.O., M.A., M.C.
(4) Mr. K. C. Rang, M.A., Yakk, High
Court, Calcutta.
(5) Mr. A. N. Green, I.C.S., Officer of
Customs and Member of Bombay Board
of Film Control.
(6) Mr. J. C. Gopal, M.A., Director of Public
Information.
(7) Mr. G. H. Hooper, M.A., I.C.S., will act as
Secretary to the Committee.

5. The Committee will visit important centres, and will take evidence on the questions stated in the terms of reference. Persons who desire to be called as witnesses should apply in writing to the Secretary, care of Home Department, Government of India, Delhi, giving their full names and addresses together with a brief summary of the points in regard to which they desire to give evidence. It will of course rest with the Committee to decide what evidence they will hear.

3. No person will be allowed to bid at the auction unless he furnishes an earnest money deposit of Rs. 1,000 (one thousand) at the time of sale in cash and, when he signs his name in the sale certificate to imply his acceptance of the conditions contained in that notice. No person will, however, be allowed to deposit and bid jointly at the sale.

The deposits of unsuccessful bidders will be returned to them at the conclusion of the sale.

4. The sales will be subject to confirmation by the Conservator of Forests, Fourth Circle, Salem, who does not bind himself to accept the highest or any bid. It is possible that the Conservator of Forests will himself be present at the time of sale and the result of sale may, therefore, be announced in the spot.

5. Each purchaser shall immediately after a lot is knocked down to him sign his name at foot of the sale list in the columns provided for the purpose. Such signature shall be held as an admission on his part of having bought the lot.

6. Immediately after the sale, each purchaser, if his offer has been accepted by the Conservator of Forests for that lot, will be furnished with a memorandum showing the total amount due by him and shall pay 20 per cent of the same, less the earnest deposit referred to above, into any of the Government treasuries at Villupuram or Tirupattur or remit it into the Imperial Bank of India, Madras, or Villupuram, payable to the Assistant General, in Madras, before the 15th January 1928, and the balance before 1st March 1928 or before removal of the woodlands purchased from the deposit premises, whichever is earlier.

7. Should any purchaser fail to make the payment as indicated above on the due date, the woodlands purchased by him will be resold at his risk, the earnest deposit made by him forfeited to Government, and any loss accruing by each acre recovered from him as if it were arrears of land revenue. Should, however, any profit arise by each acre, the deficiency shall not be notified to it.

8. The purchaser will be allowed a reasonable time to remove the wood he has paid for; this will be fixed by District Forest Officer with regard to the quantity purchased, but will in no case extend beyond the 15th March 1928, after which time damage to wood paid for will be charged at Rs. 10 per acre and a fee will be levied on the wood till such charge is paid.

The wood will be at the purchaser's risk from the date of weighing.

9. On presenting the claims to the officer in charge of the depot for the payment of the value of the woodlands purchased by each merchant, the wood will be weighed as it is, in the depot, in the presence of the purchaser or his accredited agent or an officer of the department and lower in rank than that of a Forest Officer. No further clearing or classification of the woodlands will be undertaken by the Forest department, nor will purchasers be allowed to clear any wood portions to weighment. The classification, clearing and weighing, as determined by the Forest Department, must be accepted. Should any deficiency be found, when weighing, the value of the deficiency will be refunded to the purchaser and an amount is found, it shall be paid for by him.

10. The purchaser shall bear the cost of weighing at the time of delivery.

11. No purchaser may remove any wood until he has paid for the full quantity purchased.

12. Special arrangements will be made if required to remove railway facilities to the purchasers for the transport of their commodities by rail.

13. No woodlands shall be removed from the depot till a license to remove woodlands signed by the officer of the Forest department who weighed

the wood shall have been obtained and all entry given of woodlands that can be attempted has been stamped with the district 'sale licence'.

14. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

15. Each intending bidder, unless specially exempted by the Conservator of Forests, Fourth Circle, Salem, an application made in writing at least fifteen days before the date of sale must produce a satisfactory certificate signed by a responsible Revenue Officer of the district in which he resides; and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount prescribed in such certificate.

16. Further particulars can be had on application to the undersigned.

C. K. MANGANATHAN,

District Forest Officer, Salem Division
Villupuram, 18th October 1927.

Bills to be introduced in the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 29 of the Madras Legislative Council Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

BILL No. 25 OF 1927.

A Bill to amend the Andhra University Act.

WHEREAS it is expedient to amend the Andhra University Act, II of 1926; It is hereby enacted as follows:—

1. This Act may be called the Andhra University Amendment Act of 1927.

2. In section 3, clause 2, substitute for the word 'Berhampore' the word 'Anantapur'.

STATEMENT OF OBJECTS AND REASONS.

It is now become clear that the location of the University headquarters at a neutral place at Borse is where there is neither a college nor a well-equipped high school, is not in the best interests of the University. The headquarters of the University should be located at a place which has got a good climate and an

academic atmosphere and where corporate life could be developed. In view of all considerations that should determine the selection of the seat of the University, Berwada is the most suitable for the purpose and it is necessary to shift the name to Anantapur, as the site place open for serious consideration as Rajahmundry and Visagapatnam were already rejected as being unsuitable.

Under rule 18 of the Madras Legislative Council Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information :—

BILL No. 31 OF 1927.

A Bill to amend the Andhra University Act.

WHEREAS it is expedient to amend the Andhra University Act, Madras Act No. II of 1926; it is enacted as follows :—

1. This Act may be called the Andhra University Amendment Act, 1927.

2. In section 5, sub-section (2) of Madras Act No. II of 1926, *substitute* 'Madanapalle' for 'Berwada'.

3. In section 6, sub-section (3) of Madras Act No. II of 1926, *substitute* 'Madanapalle' for 'Anantapur'.

STATEMENT OF OBJECTS AND REASONS.

The climate of Madanapalle which is situated on an altitude of about 2,500 feet above sea level amidst miles of hilly country, with its dry and invigorating cool air, with its equal distribution of rainfall throughout the year, is almost unrivalled and is jointly famous throughout the land. And, with its picturesque surroundings with its extensive grounds for development, with its never-failing supply of underground spring water, with its quiet and detached atmosphere away from the bustle and noise of crowded localities, Madanapalle is an ideal place for a seat of culture and learning. It has already a first-grade college, two schools for boys and a middle school for girls. It is almost equidistant for all southern districts of Andhradesa.
